Hosted by Area 61 Archives Committee

"History provides accounts of the past through memory, folklore, pictures, documents, artifacts and monuments. Events and stories from the past help provide perspectives that allow for thoughtful decision making today. However, memory is fallible, and if significant events or stories are not captured, we can lose parts of the past." from GSO Archives Oral Histories Kit.

This meeting will be recorded to preserve our Area 61 AA history. An audio recording of this event will be available at the Area 61 office.
